Also say CDR Blake Chow today who is on the committee for vending and forwarded our thoughts on framework. He'd like to meet with us to discuss and understand more.

Hey ladies -

Laura and I met today with the Mayor's office. They didn't have the background – which gave them a lot of insight. I explained our concerns and threw out the idea of doing a pilot project – and they seemed very receptive. Let's keep advocating for that. I shared the rest of the items, and they said it seems like there is no data and that they would push the departments on that too.

Stay tuned...
